Arnold Schwarzenegger  
Governor

February 9, 2010

Mr. Robert Kard  
Air Pollution Control Officer  
San Diego Air Pollution Control District  
10124 Old Grove Road  
San Diego, California 92131

Dear Mr. Kard:

We are pleased to inform the San Diego Air Pollution Control District (District) that the Air Resources Board (ARB) is now able to release project funds from the October 2009 sale of Build America Bonds to support the Proposition 1B: Goods Movement Emission Reduction Program project listed below:

<u>Grant #</u>	<u>Category</u>	<u>Grant Amount</u>	<u>Project Funds Available</u>	<u>Total Project Funds Available To Date</u>
G07GMST2	Other Trucks	\$5,302,500	\$5,050,000	\$5,050,000

Although the project funding listed above is coming from the sale of the Build America Bonds that limit expenditures to capital costs only, ARB is using some of the administrative funding we received in late 2009 for our own operations to provide each local agency with the initial administrative funding for each grant agreement as listed below. ARB's ability to pay the final administrative funding is dependent on the sale of appropriate, additional bonds. We are actively seeking these funds for local agencies.

<u>Grant #</u>	<u>Category</u>	<u>Grant Amount</u>	<u>Administrative Funding Award</u>	<u>Available</u>
G07GMSP2	Port Trucks	\$3,013,500	\$143,500	\$71,750
G07GMST2	Other Trucks	\$5,302,500	\$252,500	\$126,250

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption.  
For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

California Environmental Protection Agency
